

Plum Creek Library System Photograph Policy

Libraries are public spaces and those who use them do not have a reasonable expectation of privacy. Photographs may be taken during library programs and posted to websites maintained by Plum Creek Library System on behalf of a member library at that library's request.

If a close-up photo is taken of one or two people, a photo permission form will be acquired by the library and a copy will be sent to Plum Creek Library System before the photo will be used. The permission form must be completed and signed by a parent or legal guardian for children under the age of 18. The library will use a permission form provided by Plum Creek Library System.

This policy only applies to webpages maintained by Plum Creek Library System.
